

## Car Suspension Front Right Stabilizer Link 54830-0U000 Anti Roll Bar Link

Our Product Introduction

### Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54830-0U000
- Minimum Order Quantity: 100 SETS
- Price: \$1.30~\$2.00
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 100000 pcs per month

### Product Specification

- Product Name: Stabilizer Link
- Material: Metal Iron With Rubber
- Color: Black Or Silver
- Position: Front Axle, Left And Right
- Car Make: For KIA SPORTAGE 2014-2020
- Warranty: 12 Months
- Quality: 100% Tested
- Highlight: Suspension Front Right Stabilizer Link,  
Car Front Right Stabilizer Link, 54830-0U000

## Product Description

54830-0u000 54830-0U000 Front Axle Left Right Stabilizer Link For KIA Rio SPORTAGE 2013-2020

## Product Description:

A stabilizer link, also known as a sway bar link or anti-roll bar link, is a component in a vehicle's suspension system that connects the sway bar (stabilizer bar) to the suspension control arm or strut. Its purpose is to reduce body roll and improve stability during cornering.

## Features:

- 1. Enhanced Stability:** Our stabilizer link effectively connects the sway bar to the suspension control arm or strut, minimizing body roll and improving overall stability when navigating corners or uneven road surfaces.
- 2. Precise Fit and Function:** Designed to exact specifications, our stabilizer link guarantees a precise fit for your vehicle's make and model. It features sturdy construction with premium materials to withstand the demands of everyday driving and harsh road conditions.
- 3. Smooth and Quiet Operation:** Equipped with high-quality ball joints or bushings, our stabilizer link ensures smooth articulation and minimizes noise and vibrations, providing a quiet and pleasant ride experience.
- 4. Exceptional Durability:** Built to last, our stabilizer link is resistant to wear, corrosion, and fatigue. It undergoes rigorous testing to meet or exceed industry standards, ensuring long-lasting performance and reliability.
- 5. Vehicle-Specific Compatibility:** We offer a wide range of stabilizer links designed to fit various vehicle makes and models. Please ensure compatibility by selecting the correct link for your specific vehicle.

## FAQ:

### 1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

### 2. How can we guarantee quality?

Always a pre-production sample before mass production;  
Always final inspection before shipment.

### 3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years  
A large of stock  
Professional export company  
Accept small order  
We can design anything well according to customers' requirment
